## **Instructions:**

One completed financial aid form is required **for each student each semester**. The Azusa Conservatory **will not accept any incomplete applications**. Financial aid is not transferrable. Please note that different classes and programs have different selection criteria and amounts available for financial aid, and not all programs are able to offer financial aid each semester. We ask you to honestly consider what you are capable of contributing towards your child's musical education. The more each family is able to contribute, the more families we are able to provide with financial assistance. All students are required to pay the \$10 registration fee per semester.
